Garantias

A peça com defeito de fabricação deverá ser devolvida a COBREQ, acompanhada da NF de compra da parte reclamante que identificou a falha e do relatório técnico de análise de peça em garantia.

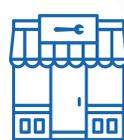

O fluxo a ser seguido é o fluxo inverso de sua distribuição, exemplo:

usuário final

ao aplicador

ao varejista

ao distribuidor

COBREQ[®]

a Cobreq

Esse fluxo garantirá que as peças sejam encaminhadas para a fábrica através do distribuidor, após análise técnica e emissão de relatório de aceite da devolução, realizado pelos Promotores Técnicos da TMD ou pela Qualidade TMD.

Nota:

1. As notas fiscais deverão ser emitidas com os mesmos valores da nota fiscal de venda (TMD Friction para Distribuidor) e os impostos devem ser destacados nos campos obrigatórios;
2. Se a nota fiscal TMD Friction for faturada para a matriz do Distribuidor, a devolução deverá ser proveniente da mesma. Nunca de suas filiais, ou vice-versa;
3. Deverá ser destacado o número da nota fiscal de venda (TMD Friction para Distribuidor) referente a cada item;
4. A TMD Friction se reserva o direito de faturar novamente ao Distribuidor uma peça de garantia devolvida incorretamente, ou sem relatório técnico, ou ainda sem defeito de fabricação.

Algumas regras precisam ser observadas:

1. O direito a garantia de peças somente se aplica para defeitos de fabricação, sendo que os defeitos e problemas de montagem e uso inadequados não serão aceitos como garantia.
2. A garantia é aplicável somente para produtos até 90 dias da venda ao consumidor final, sendo necessário cópia do cupom fiscal de venda de acordo com o código de defesa do consumidor.

Todas as notas fiscais de peça em garantia deverão ser emitidas como DEVOLUÇÃO, sendo:

- Código 5.202 sem ICMS-ST
- Código 5.411 com ICMS-ST

Natureza de operação fora do Estado de São Paulo:

- Código 6.202 sem ICMS-ST
- Código 6.411 com ICMS-ST
